

- Once new and charged batteries have been installed in the transmitter and car, turn the car and transmitter on for automatic pairing!
- If the car turns off while playing, first check the on/off switch at the bottom of the car and make sure it didn't get switched to the "off" position while playing. Check to make sure the battery is fully charged and the transmitter has new batteries
- If the wheel at the top becomes loose, please replace the wheel and metal pole with the ones provided in the box

COLLECT THEM ALL BEFORE THEY GO EXTINCT!

T-REX

BOX CONTENTS

- 👉 DINO CAR
- 👉 SCREWDRIVER
- 👉 CONTROLLER
- 👉 LI-ON BATTERY 500mAh
- 👉 USB CHARGER
- 👉 SPARE WHEEL AND METAL POLE

SAFETY PRECAUTIONS

To ensure that your child's play is both safe and fun, please review these operating instructions with your children.

- 👉 Do not pick up moving dino car
- 👉 Keep hands, hair and loose clothing away from the wheels when the power switch is turned on
- 👉 Please ensure dino car is turned off when not in use

BATTERY CARE:

- 👉 Non-rechargeable batteries are not to be rechargeable
- 👉 Rechargeable battery is only to be charged by an adult
- 👉 Different types of batteries of new and used batteries are not to be mixed

- 👉 Batteries are to be inserted with correct polarity
- 👉 Do not short circuit the supply terminals
- 👉 Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries

To help protect the environment, batteries should not be put in household waste. Please check with your local recycling or trash facility on how and where you can properly dispose of batteries and other electrical components.

CARE AND MAINTENANCE:

- 👉 To clean, wipe the toy gently with a clean damp cloth
- 👉 Keep away from water

NOTE:

- 👉 Users should keep and retain this information for future reference
- 👉 Please follow all instructions and safety precautions while using the Dino Whirler under adult supervision

BATTERY REQUIREMENT FOR REMOTE TRANSMITTER:

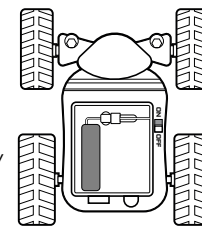

Rating - DC3V
Battery Type - 2 x 1.5V AA Batteries (not included)

BATTERY INFORMATION FOR DINO CAR:

Rating - DC3.7V
Battery - 1 x 3.7V Li-Ion Rechargeable Battery (included)
Capacity - 500 mAh
Charge Time - Approximately 90-120 minutes
Play Time - Approximately 30-40 minutes
