

"DITTO"

THE BABBLE BOT

This little bot is your new best babble buddy. Talk to Ditto and he'll repeat you word for word in his own wacky way. Gab and giggle with glee! Cheerfully chat and chuckle! Ditto is ready to dish with delight.

TALK/REPEAT INSTRUCTIONS

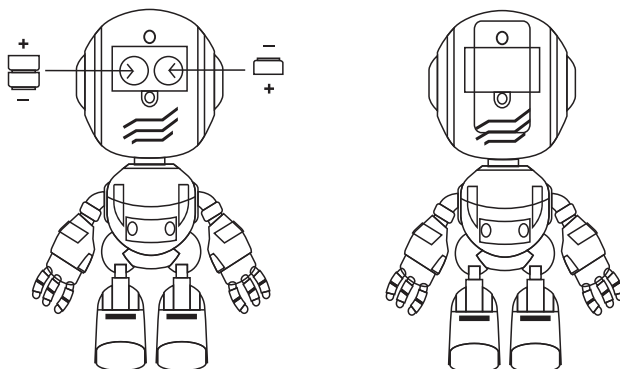

1. Press the ON/OFF button on Ditto's head to power on; a powerup sound effect will play.
2. Press ON/OFF again to activate DITTO MODE; a chime will sound and Ditto will now repeat what you say - up to 20 seconds at a time!
3. Press the ON/OFF button again to turn Ditto off (and conserve battery power); a power-down sound effect will play.
4. Ditto will turn off automatically after a short while if he detects no sound.

Package Includes 1 Ditto Babble Bot, 3 LR44 Batteries + Manual

BATTERY REMOVAL/INSTALLATION

1. Make sure Ditto is OFF and locate battery compartment; carefully remove cover with a small Phillips screwdriver.
2. Insert 3 new LR44 1.5V button-cell batteries in direction indicated below.

3. Replace the battery cover, reinsert screw and tighten.
4. DO NOT dispose of batteries in fire; batteries may leak or explode. Batteries must be disposed of immediately and responsibly.
